

## Industrial Water, Waste & Sewage Group

August 23, 2017

Dear Industrial Water, Waste & Sewage Group Members:

The Industrial Water, Waste & Sewage Group (IWWSG) provides both networking opportunities and an educational forum for its members regarding a wide scope of environmental topics and issues.

The IWWSG continues to be a relevant organization and an institution in the Chicago environmental professional community, by sharing knowledge and building lasting relationships between regulators, regulated industry, and service providers. Over the last few months the IWWSG Steering Committee has been planning an exciting schedule, including tours, prestigious speakers, and topics of interest to the professional environmental community. I am pleased to announce the schedule for the IWWSG 2017-2018 season:

---

Please visit the IWWSG web site [www.iwwsg.org](http://www.iwwsg.org) for current information on upcoming meetings, posted speaker presentations and member links. Venues and speakers are subject to change.

For the Meeting Season 2017-2017 **Corporate Memberships in the IWWSG are \$130. Individual memberships are available for \$25, and intended for those in the environmental community who are not currently associated with a corporate entity.** We encourage you to become a member of the IWWSG to support our ability to present speakers and have meetings at a variety of venues. Members also receive significant discounts on meeting registrations.

Thank you for your continued support by providing input for future topics & venues. I wish you a prosperous 2017–2018 season!

Greg Denny,  
IWWSG Chairman
